

All of the opportunities we have available to be involved in our events and/or other marketing opportunities are available to purchase during our Total Resource Campaign (TRC).

Once a year, January through March, our campaign takes place and is open to all current Ankeny Area Chamber members. All opportunities that are available for purchase are for the following 12 months; for example the 2019 campaign will take place from Jan. 2019-March 2019 and will have opportunities available taking place April 2019 - March 2020.

Sponsorships range from \$100 - \$25,000. Every year the Chamber has over 600 opportunities open to our members. All sponsorships are on a first come, first serve basis.

During the campaign, we have a group of volunteers who are well versed in the TRC sponsorships and are here to help pair the right opportunity/event with your business.

After the campaign deadline in March, all sponsorships are closed for that campaign year.

To keep the campaign fair for all Chamber members, information about opportunities available for the following year are not released until opening day of the campaign. However, potential sponsors can view the current year's opportunities to get an idea of what is of interest to them. Please keep in mind, benefits, costs and opportunities may change year to year.

You can find last year's list of events and opportunities [here](#).
